RHAPSODY AXON™ BROADCAST · PARTNER RESOURCES

Axon Connected badge usage guidelines

How vendors display the badge, and what it can and cannot say.

OCTOBER 2026

What the badge means

PURPOSE

The Axon Connected badge lets vendors show health systems that connecting to them is already documented.

The badge shows

- ✓ The vendor has published an integration playbook in Rhapsody Axon™ Broadcast.
- ✓ Health systems can ask Axon how to connect to that vendor and get answers from the playbook.
- ✓ The playbook is visible to the organizations the vendor chose.

The badge does not show

- ✗ That Rhapsody has certified, validated or approved the vendor's product, security or compliance.
- ✗ That Rhapsody endorses the vendor or has a partnership with them.
- ✗ That any integration will be fast, complete or guaranteed.

Conditions of use

Published

The vendor has a live playbook in Axon Broadcast.

Current

Specs and contacts in the playbook are kept up to date.

Linked

The badge links to the vendor's playbook page.

Taken down if unpublished

Remove the badge as soon as the playbook is no longer live.

Badge overview

FIVE BADGES

Use only the official files. Circle badges suit small spaces. Bar badges suit wider layouts.

Navy Circle

Light grounds

`navy-circle`

Blue Circle

Light grounds

`blue-circle`

White Circle

Gray, navy and blue grounds

`white-circle`

Blue Bar

Light grounds

`blue-bar`

White Bar

Gray, navy and blue grounds

`white-bar`

Contrast, space and size

KEEP IT READABLE

Pick the badge that contrasts with its background, give it room, and keep it above the minimum size.

Choose by contrast

Use a dark badge on a light background and a light badge on a dark one. If the background is a photo or pattern, set the badge on a solid panel.

Light background Navy or Blue badge

Light gray Blue badge

Dark background White badge

Clear space and size

Circle. Keep clear space on every side equal to one quarter of the badge width.

Bar. Keep clear space on every side equal to one quarter of the badge height.

Minimum size: circles 64 px wide on screen or 0.75 in in print. Bars 160 px wide on screen or 1.5 in in print.

Where to place it

PLACEMENT AND LINKING

Put the badge where health systems already evaluate you, and link it to your playbook.

Where	Suggested badge
Website footer or integrations page	Blue Bar, or White Bar on a dark footer
Product sign-in or settings	Blue Circle or Navy Circle
RFP and questionnaire responses	Blue Bar on a white cover page
Email signature	Navy Circle at 64 px
Decks and sales sheets	White Bar or White Circle on dark slides

Link and alt text

Link the badge to your playbook page in the Directory. Use "Axon Connected badge" as the alt text.

```
<a
href="https://rhapsody.health/directory/your-
company">
  <img src="axon-connected-blue-bar.svg"
       alt="Axon Connected badge"
       width="160">
</a>
```

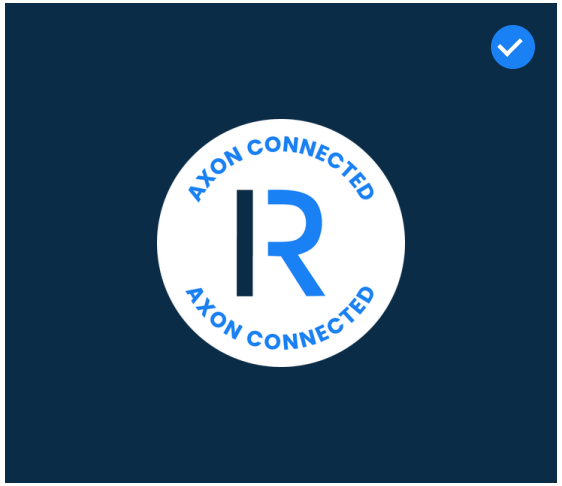

Correct use

GOOD EXAMPLES

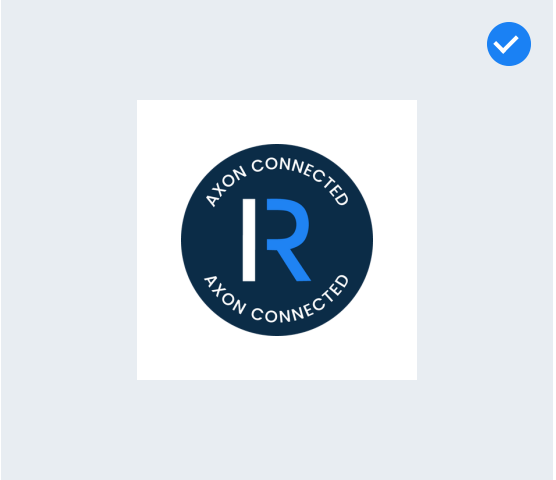

Three habits keep the badge consistent everywhere it appears.

Use the official file. Scale it proportionally and keep its original colors.

Match the badge to the ground. Use a white version on navy.

Give it room. Keep clear space and set it apart from other logos.

Restrictions

IMPROPER USE

Use only the official logo files. Each example is improper use.

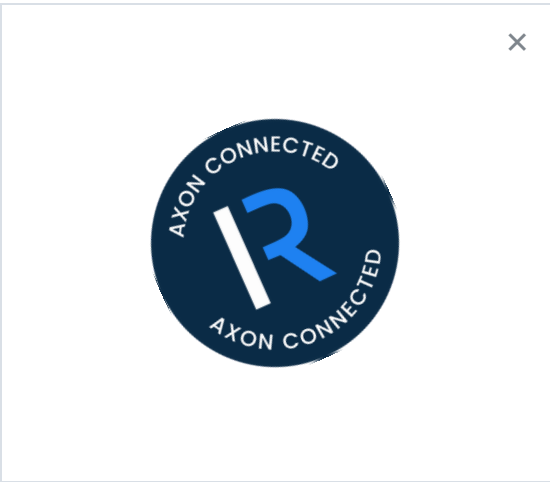

Drop shadow

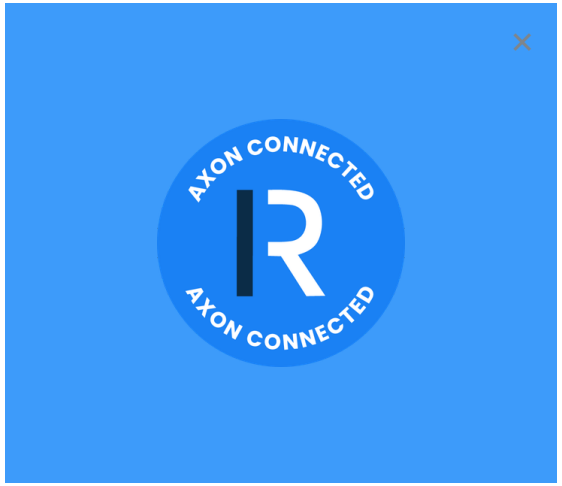

Disproportionate resize

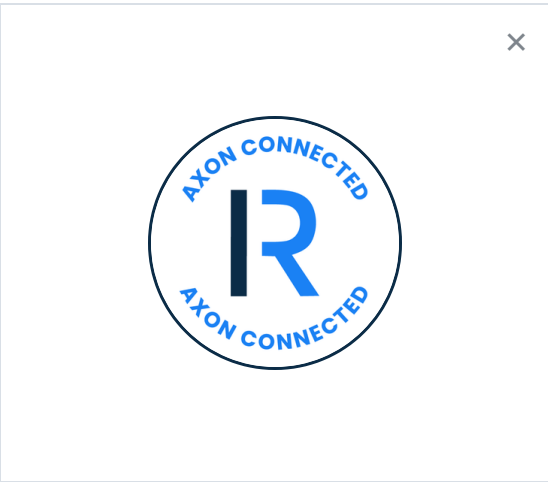

Unapproved colors

Tilted or angled

Low-contrast background

Outlined

Also not allowed

MORE RESTRICTIONS

These rules cover how vendors use the badge in their own materials.

Edit or crop it
Do not change the wording, remove the R mark or trim any part.

Redraw or recreate it
Always use the supplied files.

Merge it into your logo
Do not combine it with your logo or other badges as one mark.

Use it as a product name
It is a status mark, not a brand or product name.

Put it on photos or patterns
Use a solid panel behind it.

Place text or graphics over it
Keep the clear space free.

Animate it
Do not spin, pulse, fade or bounce it.

Imply certification or endorsement
See page 9 for approved wording.

Keep it up after unpublishing
Remove it if your playbook is no longer live.

Use it for other products
It covers the playbook it links to, nothing else.

Claims and naming

WHAT YOU CAN SAY

The badge says a playbook is published. Keep the words around it just as specific.

Approved wording	Do not say
“Our integration playbook is published in Rhapsody Axon™ Broadcast.”	“Rhapsody certified” or “Rhapsody approved”
“Health systems can ask Axon how to connect with us.”	“Validated by Axon”
“Find our playbook in the Directory.”	“Guaranteed integration” or “instant connection”

- ✓ First mention in any text is “Rhapsody Axon™.” Later mentions can use “Axon.”
- ✓ Company name is “Rhapsody,” never “Rhapsody Health.”
- ✓ The badge artwork reads “Axon Connected.” Use it exactly as supplied.

Files and approval

GETTING THE BADGE

Vendors request the kit, Rhapsody confirms the playbook, and the files arrive by email.

Request

Vendor submits company, work email and playbook link.

Confirm

Rhapsody checks the playbook is published.

Receive

Kit arrives with files and these guidelines.

Maintain

Vendor keeps the playbook current and removes the badge if it is unpublished.

In the kit

- ✓ All five badges as SVG
- ✓ All five badges as PNG, at 1x and 2x
- ✓ These guidelines as a PDF

Changes and removal

- ✓ Rhapsody may update or retire a badge and will notify vendors.
- ✓ Rhapsody may ask a vendor to remove the badge if it is used outside these guidelines.
- ✓ Questions: marketing@rhapsody.health
